---

Cameron B. Pick assists in prosecuting patents, specifically those related to electrical and software engineering. His educational experience in electrical engineering gives him a strong understanding of clients' technologies, and he leverages this background to assist in many aspects of intellectual property counsel for clients across a wide variety of industries.

### Practices

- Patent Prosecution

### Industries

- Electrical & Computer Technologies

### Representative Experience

Prepared and prosecuted patent applications across a wide range of technologies, including:

- Image processing
- Mobile applications
- Social networking applications
- Mobile payment systems
- Unmanned aerial vehicles
- Medical diagnostics
- Semiconductors
- Wireless communications systems
- Geographic information systems

## Background and Credentials

Mr. Pick received his J.D. from Duke University School of Law, where he was a member of the Patent Law Society. He received a Bachelor of Science in electrical engineering, with honors, from the University of Illinois at Urbana-Champaign. Prior to joining the Firm, Mr. Pick worked as a patent extern at the United States Patent and Trademark Office. He is admitted to practice before the USPTO.

## Education

- Duke University (J.D.)
- University of Illinois, Urbana-Champaign (B.S., *with honors*)
  - Electrical Engineering

## Bar Admissions

- U.S. Patent and Trademark Office
- Illinois
