

# CHICAGO HEALTHTECH SUMMIT

## Register to attend the 2014 HealthTECH Summit!

**What:** The 2<sup>nd</sup> annual Chicago HealthTECH Summit, hosted by Insight Product Development, featuring a three-tier showcase of innovation: Five leading early stage medical device and digital health startup innovations (*that are also slated to compete onsite to win the first health tech crowd funding competition in Chicago to advance their innovations*), five recently funded start-ups with further developed innovations closer to market launch, and dozens of IP concepts from Chicago’s leading academic institutions will also be unveiled at the event – including those from Northwestern, UIC and others.

### Why:

To improve lives by bringing innovative health solutions to patients, encourage entrepreneurship in the healthcare industry, to grow the medical innovation ecosystem in the Midwest, and provide key industry and community stakeholders early visibility to health-tech innovation and IP.
