- Design and manufacture of firearms and shooting accessories

Background and Credentials

Prior to joining Marshall, Gerstein & Borun, Mr. Tilton worked as in-house patent and intellectual property counsel at a Midwestern software company serving the consumer, industrial, and educational markets. There, he collaborated with outside patent counsel to cultivate and advance patent prosecution matters; he also successfully litigated numerous alternative dispute resolution actions related to domain name trademark enforcement, counseled on free/open source licensing and compliance matters, and drafted end user licensing agreements for flagship product offerings. His previous experience includes work as a computer programmer and independent software consultant for Fortune 500 and start-up companies. As a law student, he interned at the Free Software Foundation.
