

Alden E. Voelker, Ph.D.

Associate

Tel 312.423.3444
avoelker@marshallip.com

Alden E. Voelker, Ph.D. focuses his practice on patent prosecution for clients in the chemical sciences industry. Alden serves as a member of the firm's peer-elected Associates Committee.

Practices

- Patent Prosecution

Industries

- Chemical Sciences
- Pharmaceuticals

Representative Experience

Alden has experience in wide variety of chemical and biotechnology sciences, including:

- Synthetic organic chemistry
- Surface chemistry and microarray fabrication
- Biochemistry, including protein chemistry and enzymology
- Biofuels
- RNA modification and RNA delivery vehicle systems

Background and Credentials

Prior to joining Marshall Gerstein, Alden prepared and prosecuted patent applications in the chemical and pharmaceutical arts, with emphases on small molecules, drug conjugates, and organic and organometallic chemistry. In addition, he was a postdoctoral research associate in the biochemistry department at the University of Wisconsin-Madison.

Alden received his Ph.D. in chemistry from Case Western Reserve University and his Sc.B. from Brown University in chemistry and French.

Education

- Chicago-Kent College of Law, Illinois Institute of Technology (J.D.)
- Case Western Reserve University (Ph.D.)
 - Chemistry
- Brown University (Sc.B., *with honors*)
 - Chemistry
 - French

Bar Admissions

- U.S. Patent and Trademark Office
- Illinois
